Kolkata, India

SUMMARY

Motivated Web Developer and aspiring Software Engineer currently pursuing a Bachelor of Technology in Information Technology at Calcutta Institute of Engineering and Management. Passionate about transforming complex logic into intuitive and visually engaging digital solutions. Skilled in developing high-performance web applications and exploring AI-driven interfaces to enhance user experience. Committed to continuous learning, innovation, and building scalable, efficient, and impactful technology solutions.

TECHNICAL SKILLS

- Frontend Development: HTML, CSS , JavaScript
- Frontend Libraries & Frameworks: Tailwind CSS, React.js (Basic)
- Backend Development: Node.js (Basic), Express.js (Basic), REST API Development, JSON
- Databases: MongoDB (Basic), MySQL (Basic)
- Tools & Technologies: GitHub, VS Code

EXPERIENCE

AI-Based Tech Tools & Web Application Developer Intern(sep 2025-dec2025):

- Developed and integrated AI-based tools into web applications to enhance functionality and user experience
- Designed responsive web interfaces using HTML, CSS, and JavaScript
- Assisted in building and consuming REST APIs for dynamic data handling
- Improved application performance using modern development tools and frameworks
- Implemented basic automation and AI-driven features in web projects

PROJECTS

AI Attendance System | Web Application

Project Link: <https://ai-attendance.netlify.app>

- Developed an AI-based attendance system to automate and streamline attendance tracking
- Contributed to frontend design, coding, and system logic
- Focused on usability and efficient data handling

AetherCode – Developer Productivity Tool (Team Project)

Project Link: <https://ai-code-editer.netlify.app/>

- Designed a unified platform to reduce context-switching between tools like VS Code, GitHub, browsers, and AI assistants
- Focused on enhancing developer productivity through workflow integration
- Collaborated in a team environment to conceptualize and build the solution

EXPERIENCE & ACTIVITIES

1.) Smart India Hackathon (SIH) – Internal Hackathon Participant in [Calcutta Institute of Engineering & Management (CIEM)]

- Contributed to coding, UI design, and solution development
- Gained hands-on experience in teamwork, rapid prototyping, and problem-solving

2.) Startup & Innovation Program Participant

NIRMITI 2024 – Startup Summit | October 2024

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology

Calcutta Institute of Engineering and Management

Expected Graduation: June 2027

CERTIFICATIONS

Multiple certificates available (Hackathons, Programs, and Technical Learning)
